

FOOTIME™

LAPTOP STAND

FOLDABLE, PORTABLE, AFFORDABLE

- Create more desk space by moving your Laptop to a stand!
- Musicians can support their Laptops securely on stage or studio while reading digital scores
 - Great for location recording and broadcasting
- Health and comfortability benefits – A Laptop on your lap can become uncomfortably warm, unstable, lead to health risks causing legs to tire and posture to become poor, and may even lead to fertility issues!
- Use the Footime Laptop Stand with your laptop computer while sitting on the lounge, in the backyard, at the airport, on campus, in the park, next to a wheelchair, or anywhere a desk is not available.

- **Light weight – only 1½ kgs (3.5lbs)**
- **Foldable, portable and height adjustable – 56cm to 118cm (22" to 46.5")**
- **Similar to a music stand, it's easy to fold and unfold**
- **Fits most Laptop computers**

- **When opened, the 2-piece supporting board has a dimension of 37cm x 28cm (14.5" x 11")**
- **Two elastic straps and their adjustable positioning can firmly hold laptop without blocking its keys**
- **An angled back support prevents laptop from tipping backwards**

“Many of us have been taking laptops to gigs despite the paucity of acceptable options for placing and securing the things onstage. Until now. This super-light-weight yet secure stand folds up and stores in two compact carrying bags, can be adjusted to any height easily, even with the laptop strapped on - and yes, the straps are provided!

- *Keyboard magazine, Dec. 2007*

USER COMMENTS

“... a great addition to the setup, providing a stable and easily adjustable platform for our recording computers” - *Michael Dawson, Associate Editor, Modern Drummer Magazine*

“...it worked wonderfully! This is a far better solution.” - *Kevin Christensen, Salt Lake City, Utah*

“... finding a place to put your laptop while shooting on location is a constant aggravation. ... Until now I've been unable to find a suitable solution...At long last I've found a great laptop stand!...” - *Alan Blakely, AIAP, Salt Lake City, Utah*
